The nearest parking is at Enniskillen Castle, which has Blue Badge spaces.

It is a short distance down to the jetty where you will get a ferry across to Castle Island. The jetty and ferry are wheelchair-friendly, and staff can help if needed.

The paths on the island are mostly firm, even if they are made of chipped wood and are good for wheelchairs. Dogs are welcome, and there are water dishes for them.

The centre is easy to get into with a ramp and wide doors. Everything is on the ground floor. There are accessible toilets with grab rails for extra support.

Our staff are trained to use a hoist for access to our canoes or boats. Please let us know if you require the hoist to try any of our activities.

Sensory Tools in Nature

The island is peaceful and the perfect place to explore. Enjoy the wild areas of the island where you will see apple trees.

Stop and listen to the sounds around you. Hear the birds singing, and the wind moving through the trees.

Look at the trees and clouds in the sky. Can you spot shapes? It is calming to notice what's around you.

Put your feet in the grass. Feel the leaves. You can use these textures to stim or feel calm.

Watch how the plants and trees move in the wind. Sway like the trees. Moving your body can feel fun and help you feel good.

Take a deep breath and notice the different scents. Smell the flowers, grass, and trees. Smelling nature can be relaxing and make you feel happy.

Blue Green Yonder has lots of space to explore your senses. You can look, listen, touch, move, and smell. Spending time in nature can help you feel good.
