

GEO PARK EVENTS

July – December 2023

www.cuilcaghlakelands.org

**CUILCAGH
LAKELANDS
GEO PARK**

www.cuilcaghlakelands.org

For 2023, our aim is to host a range of events which encourage people with various interests and abilities to engage with their Geopark – its unique landscapes, geology, and stories and to attract visitors to this wonderful UNESCO designated region.

The Geopark covers an extensive area, across West Fermanagh and West Cavan containing over 60 sites of natural, historical, or cultural interest. Our Geopark Guides are crucial to the delivery of the Events Programme and with their on-going support and assistance we are able to deliver a truly diverse and engaging programme.

In everything we do we promote the Leave No Trace Principles and ask people to adhere to the Geopark Code. Please be responsible and wear warm waterproof clothing and sturdy footwear.

Events may be added, altered, or cancelled and most are weather dependant so please check our website or social media pages for updated details.

Events in this guide will be delivered with the financial support of Geological Survey Ireland.

If for some reason we have to cancel an event please note that refunds will be offered.

July
